

# Kevin W. Greve, PhD, ABPP/CN

Kevin Greve, PhD ABPP/CN earned his PhD in clinical psychology from University of Florida in 1991. He has been on the faculty of the Department of Psychology at the University of New Orleans since that time and was promoted to Professor (with Tenure) in 2002.

Areas of active research interest include: 1) detection of malingering and response bias; 2) outcome in chronic pain; 3) assessment of executive dysfunction and frontal system pathology; 4) psychometric

features of the Wisconsin Card Sorting Test.

Dr. Greve has published more than 70 papers in peer-reviewed journals and presented his research at numerous regional, national, and international conferences. He is on the editorial board of Archives of Clinical Neuropsychology and regularly serves as a peer-reviewer for several other psychology and neuropsychology journals.

Dr. Greve has been in independent clinical practice since 1997, with licenses in Louisiana and Mississippi. His clinical practice includes planning, execution, and interpretation of psychological and neuropsychological evaluations of persons with psychiatric, neurological, and medical disorders (including chronic pain) in out- and in-patient, medico-legal settings.

He is a Fellow of the American Academy of Clinical Neuropsychology and certified in clinical neuropsychology by the American Board of Professional Psychology and the American Board of Clinical Neuropsychology.
